

PUPPETS

MODEL: TRADITIONAL, JAPAN

DIAGRAM: MATTHEW GARDINER

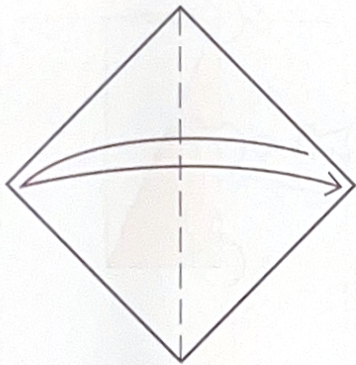

Instructions from: Everything Origami by Jonathan Baxter

This model can make two types of animal finger puppets – a cat and a pig. Fold them from a 6in (15cm) square of paper, and carefully draw the faces on your puppets. Make a group of puppets and invent your own characters for these lovable creatures.

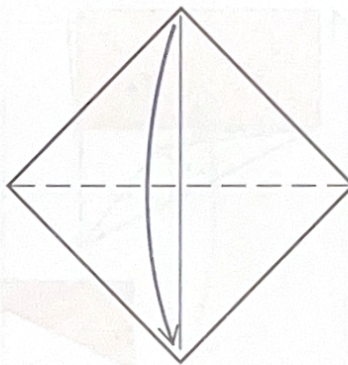

The art of puppetry is a rich tradition of story-telling, popular with both young and old.

1

Fold and unfold diagonal.

2

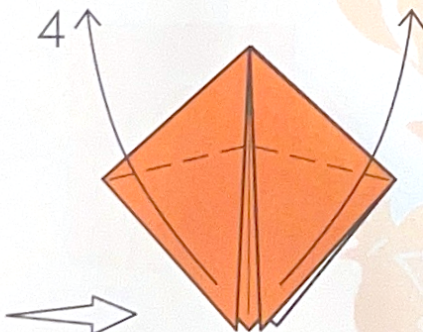

Fold in half diagonally.

3

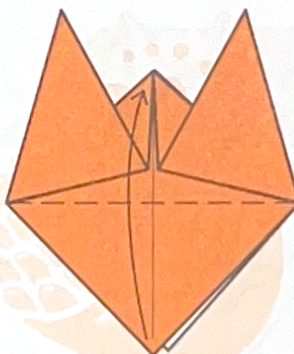

Fold side corners down to meet bottom corner.

4

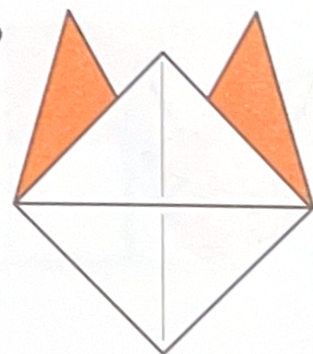

Fold two flaps up.

5

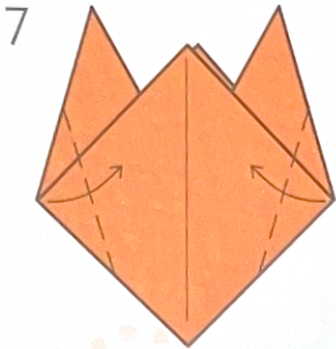

Fold top flap up.

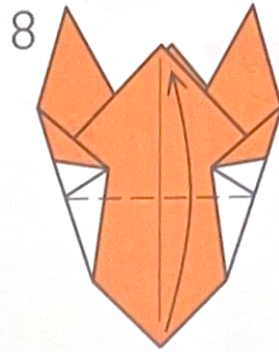

6

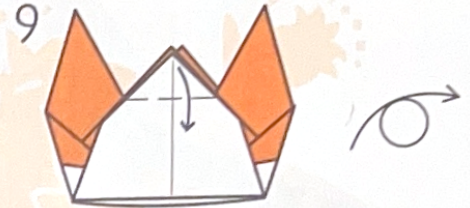

Fold top flap up. Turn over.

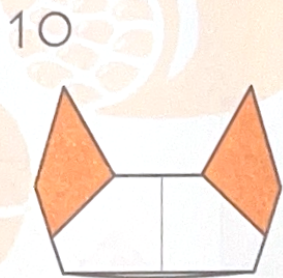

Fold corners in.
